EC Type-Examination Certificate

Type-examination according to EC-Directive for machinery 2006/42/EC

No.: 1304-MD-1004

Name and address of the applicant:

Applicant : **HIDRAULIKA KURELJA d.o.o.**
Address : **Matenačka 41, HR-49240 Donja Stubica, Croatia**

Name and address of the manufacturer:

Manufacturer : **HIDRAULIKA KURELJA d.o.o.**
Address : **Matenačka 41, HR-49240 Donja Stubica, Croatia**

Machinery description:

Product: **Mobile Elevating Working Platform**
Type: **TP-14**

Ratings and principal characteristic of machinery:

TYPES	TP-14
Safe working load	200 kg
Max. platform height	14 m
Electrical system	12/24 V
Max. inclination	0°
Max. number of persons	2 (2x80 kg)
Max. mass of equipment	40 kg
Manual force	440 N
Max. wind speed	12.5 m/s
Engine Power	5 kW
Working temperature	-15°C to 60°C

This EC-Type Examination Certificate is issued according to Article 12.3.b. of Council Directive 2006/42/EC. It confirms that the listed machinery complies with the essential health and safety requirements of the directive. It relate only to the items submitted to SIQ Ljubljana.

The submitted and assessed technical files are shown in the Annex of this certificate.

Certificate has an Annex.

This Certificate shall remain valid until 2019-02-05 or until the validity date of the referenced standard(s) or Directive, whichever occurs earlier.

Annex to Certificate No. 1304-MD-1004

Compliance with the essential health and safety requirements, laid down in Annex I of the Machinery Directive 2006/42/EC, and adequacy of Technical File is as follows:

- The product fulfills the requirements for protection of the health and the safety of the user and any other person that are set in the regulations for Machinery directive (MD 2006/42/EC).
- Use of harmonised standards is appropriate and presumption of conformity established.
- The content of the Technical File is in conformity with requirements of Annex IX of Machinery Directive.

Technical Files submitted and assessed:

File	Remarks	Verdict
List of used technical specifications and standards	/	√
Constructional drawing	/	√
Test report	/	√
EC-declaration of conformity	/	√
Marking plates	/	√
User manual	/	√
Maintenance manual	/	√
Strength calculation	/	√
Stability calculation	/	√
Components declaration of conformity	/	√

Test reports assessed:

Test report number	Laboratory	Standard	Note
T211-0051/14, 2014-02-04	SIQ	EN 280:2013	√

Legend:

- √..... Conforms
x..... Does not conform

Notes and remarks:

- In accordance with the Machinery Directive 2006/42/EC, article 12.3.b, the applicant has submitted the product for the purpose of EC-type examination. This is to certify, that the harmonised standards have been correctly applied and that technical files are adequate to the provisions laid down in the Directive.
- In accordance with the above-mentioned Directive the applicant has to inform notified body about any made or planned to be made modifications.
- The verified files will be stored for 10 years after verification. On request of the applicant, they will then be returned or destroyed.

Technical construction files are stored in file
